Title: Revenue Estimates and Council Tax Precept 2018/19

### **Executive Summary**

The net revenue budget for 2018/19 is £305.994 million which represents an increase of £13.363 million or 3.4%

The revenue budget is fully balanced in all 2018/19 with a 7% (£12m for band D) increase in council tax. This is in-line with my Annual Financial Strategy for 2018/19.

On 22nd December the PCC launched a short public consultation on the proposed increase in council tax for 2018/19. The response deadline was 11th January 2018. In order to reach as many people as possible, it was sent to:

- All users of TVP Alert at least 80,000 residents
- All town and parish councils
- · All councillors from county, unitary and district councils
- All media in the TVP area via a press release
- Regular social media updates via Twitter

In total, 5,600 people voted, of which 4723 or 84.3% voted yes

The medium term financial plan is balanced in all three years (2018/19 to 2020/21) It provides for inflationary increases, limited growth to mitigate increasing demand and complexity in priority areas, as well as essential investment in technology to support transforming service delivery to meet future expectations. This supports the delivery of the Police and Crime Plan and the Force Commitment.

The Force continues to prioritise its work on the Productivity Strategy to ensure resources are directed to priority areas and that services are delivered in the most effective and efficient manner. This work focuses the drive for continuous improvement, improved efficiency and alignment of resources with demand. It will continue to release savings in future years in order to address future unquantified demands and provide additional resource to reinvest in priority policing areas.

The medium term financial plan requires revenue savings of at least £14.3m over the next three years. This is over and above the £99m of cash savings already removed from the base budget in the last seven years (i.e. 2011/12 to 2017/18) meaning that, over the ten year period 2011/12 to 2020/21, in excess of £113m will have been taken out of the base revenue budget.

#### Recommendation:

The PCC is asked to APPROVE:

- That the council tax requirement for 2018/19 be set at £162.32m
- The revenue estimates for 2018/19 as set out in Appendix 1
- That the police element of the council tax for 2018/19 be set at £182.28 for properties in Band D, with the charge for other bands as set out in below.

#### **PART 1 – NON-CONFIDENTIAL**

## 1 Introduction and background

- 1.1 The PCC is required to notify the Thames Valley Police and Crime Panel of the council tax precept he is proposing to issue for 2018/19.
- 1.2 A report was presented to the Police and Crime Panel on 2<sup>nd</sup> February 2018 recommending an increase of 7.05% (or £12 for a Band D property) in the police element of council tax for 2018/19. Full details were provided in support of this request and the PCC answered a number of written and oral questions in respect of his draft budget proposals.
- 1.3 The Panel supported the PCC's proposed increase of 7.05% in the police element of council tax.

### 2 Issues for consideration

- 2.1 The budget for 2018/19 protects and provides some increases, for priority service areas and specialist capabilities in response to the increasing level of complex crime and the current threat levels. It also provides additional investment in the new technologies that will develop the digital police service of the future, as envisaged in the national Policing Vision for 2025. This budget supports the delivery of the Police and Crime Plan and the Force Commitment
- 2.2 The budget requires £2.6m of productivity strategy savings in 2018/19 with a further £11.7m in the following two years. This is over and above the £99m of cash savings already removed from the base budget in the last seven years (i.e. 2011/12 to 2017/18) meaning that, over the ten year period 2011/12 to 2020/21, in excess of £113m will have been taken out of the base revenue budget
- 2.3 The budget is predicated on a recommended 7.05% increase in council tax in 2018/19.

#### 3 Financial comments

- 3.1 The net revenue budget requirement for 2018/19 is £405.994m, which requires an increase in council tax of 7.05%. A copy of the revenue estimates is attached as Appendix 1.
- 3.2 The medium term financial plan, attached at Appendix 2, is currently balanced in all 3 years.

#### 4 Legal comments

- 4.1 The PCC is required to set a net revenue budget that is fully financed by government grants and income from local council taxpayers.
- 4.2 The Police and Crime Panel has approved the proposed increase in council tax precept.

#### 5 Equality comments

5.1 No specific implications arising from this report

Name & Role	Officer
Head of Unit	
The proposed budget for 2018/19 supports the delivery of both the Police and Crime Plan and the Force Commitment. Financially, this is achieved by a 7% increase in council tax and through the identification of £2.6m of Productivity Strategy savings to help balance the budget.	Director of Finance
Legal Advice	
Under the Police Reform and Social Responsibility Act 2011 the PCC is required to notify the Thames Valley Police and Crime Panel of his proposed precept for 2018/19 by 1st February 2017. The council tax requirement, precept and council tax levels are to be finally determined by the end of February.	Chief Executive
Financial Advice	
The revenue budget for 2018/19 requires an increase in council tax of 7.05%. This is below the Government's council tax referendum threshold of no more than £12 for a Band D property. The medium term financial plan is fully funded in all three years	PCC Chief Finance Officer
